

About Hours of Service

Omnitracs certifies that Hours of Service is compliant with Federal Motor Carrier Safety Regulation 49 CFR § 395.15.

When you request to see a driver's logs, you can expect the driver to hand you this quick reference card and hold the display unit for you to see. You can view log data in a graph or detailed view.

Note: Drivers are responsible for verifying the accuracy of the logs. Drivers are not able to edit driving time on their electronic logs.

Header Line Information

- At the top, the driver's name is always visible.
- A dot preceding the name indicates the driver's current status:
 - - a bright green dot indicates the active driver.
 - - a dull green dot indicates the inactive driver.
- To view a team driver's status, tap the drop-down list and select a different name.
- The DOT clock displays the lesser of the times remaining on the 8-Hour Rest Break, 11-Hour Driving, 14-Hour On-Duty, and 60-Hour or 70-Hour On-Duty clocks.

Logs Viewed as a Graph

The Graph tab visually depicts the duration of each driver's activity over the past 24 hours.

Tap a bar to see details about that activity. The selected bar will turn red.

Tap the arrow buttons to see data from other days in the current duty cycle.

An orange bar indicates that the duty status occurred during a system or sensor failure. The driver is instructed to keep paper logs during these periods.

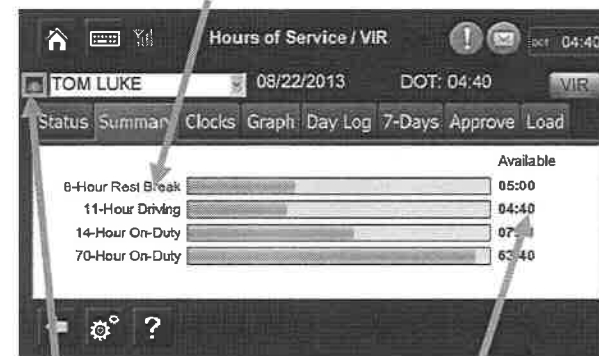

The Status tab shows other important driver information.

The driver's current status, the time it started, and how long the driver has been in this status.

Summary and Status Tabs

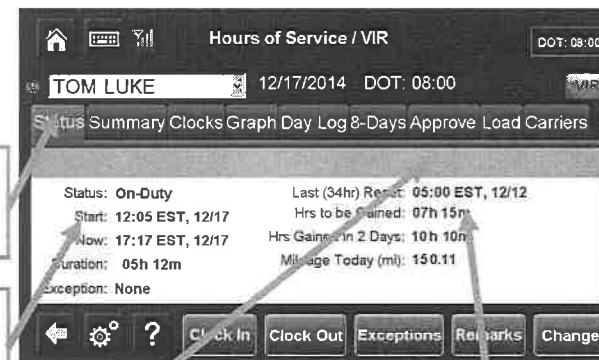

The Summary tab shows the time remaining before the driver is in violation of each Hours of Service rule.

For intrastate drivers not subject to the rest break rule, the 8-Hour Rest Break clock will not appear.

A bright green dot indicates the active driver. A dull green dot indicates an inactive driver.

The time left before the driver is in violation of a Hours of Service rule.

When the driver's last 34hr reset was granted.

Daily hours gained tonight and tomorrow night based on the weekly rule. Also today's mileage

! WARNING

Driver—Do not use while vehicle is in motion.

Use of display unit while driving will cause distraction and loss of vehicle control which may lead to serious injury or death.

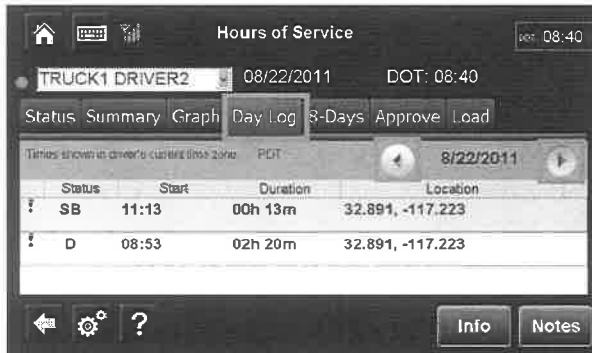

Hours of Service DOT Quick Reference Card

for use with the Omnitrac Mobile Computing Platform 50 (MCP50)

Day Log Details

The **Day Log** tab lists the driver's activities over the past 24 hours. Tap the arrow buttons to navigate through the records.

- All start times reflect the time zone of the driver's home terminal.
- ✓ indicates the driver has approved the record.
- ! indicates there was a system or sensor failure at the time of this record. Drivers are instructed to keep paper logs in the event of such a failure. Upon notification that the problem is resolved, the driver is instructed to return to using the Omnitrac Hours of Service application.

DRIVER NOTE: If you are out of coverage and need to request a faxed copy of your logs, please call your dispatcher for assistance.

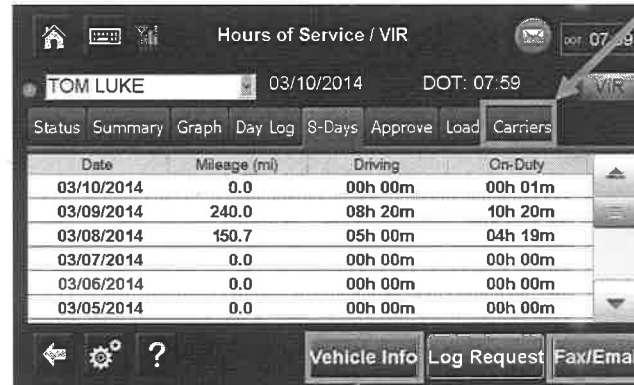

! WARNING

Driver—Do not use while vehicle is in motion.

Use of display unit while driving will cause distraction and loss of vehicle control which may lead to serious injury or death.

8-Days (7-Days) Driving and On Duty Totals

The **8-Days (7-Days)** tab shows the total miles driven and the total Driving and On-Duty time for each day in the most recent duty cycle.

View vehicle ID and odometer information.

Go back to a previous date in the cycle.

Go toward a later date in the cycle.

View Remarks for selected status, if remarks exist.

Carriers

Some drivers are set up to select their carrier from this device. If they are, the **Carriers** tab appears. Tap it too see the carrier this driver is working for now.

Request Logs as a Hard Copy

If you prefer a hard copy of the driver's logs, you can request that the logs be emailed or faxed to your office.

Provide the driver with your email address or fax number and a name to enter in the **Attention** field.

80-JB918-1 Rev. G
September 2015

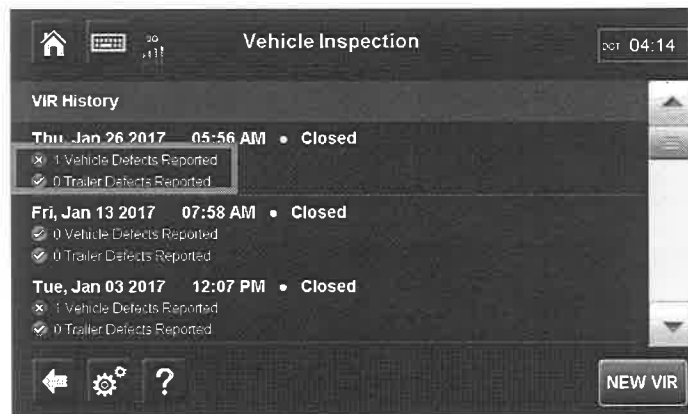

Drivers record their daily tractor and trailer inspections in Vehicle Inspection Report (VIR) so that the company may quickly correct defects and return vehicles to service. After repairs are made, drivers must acknowledge that the vehicle can be operated safely.

View Inspection Reports

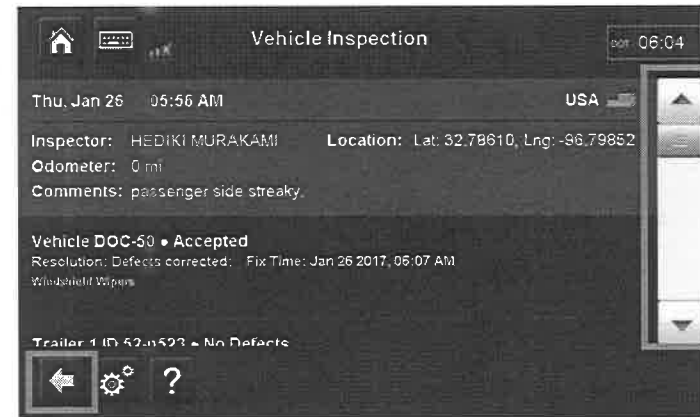

1. On the Home screen, tap the Vehicle Inspection button.

2. Tap today's (the top) defect to select it.

3. Scroll to see more information or tap the back arrow to review other reports.

- Note:** If you are also reviewing the driver's Hours of Service (HOS) logs, you can tap VIR from any HOS screen to open the Vehicle Inspection Report application or tap HOS from any VIR screen to switch back the HOS application.

DRIVERS

Instructions for how to create inspection reports and acknowledge the repair/closure of a defect are available in the onboard support system under **Driver Help Topics**.
